SPA COVER CATALOGUE

# PRIME TEX COVER

Introducing the PRIME TEX COVER, a new generation of spa covers designed to elevate the elegance and functionality of your spa experience. Created with an eye for sophistication, these covers combine premium aesthetics with advanced material technology, making them the perfect complement for any exclusive or premium spa model.

The PRIME TEX COVER embodies a refined style while offering superior protection and durability, ensuring your spa maintains its pristine look over time. Experience the perfect balance of beauty and performance with our latest innovation, crafted to enhance the luxury and comfort of your relaxation space.

# TEXTILE MATERIAL

The textile has been selected not only for its quality and strength, but also for its softness to the touch, which adds a feeling of luxury and comfort. In addition, the textile material enhances the UV protection against solar radiation, maintaining its appearance and preventing fading over time.

This premium fabric ensures that the cover not only looks sophisticated but also withstands the elements, making it ideal for both indoor and outdoor use. The carefully chosen material is designed to resist wear and tear, extending the lifespan of the cover while providing an elegant and inviting look that complements the spa's aesthetics.

# INTEGRATED GRID

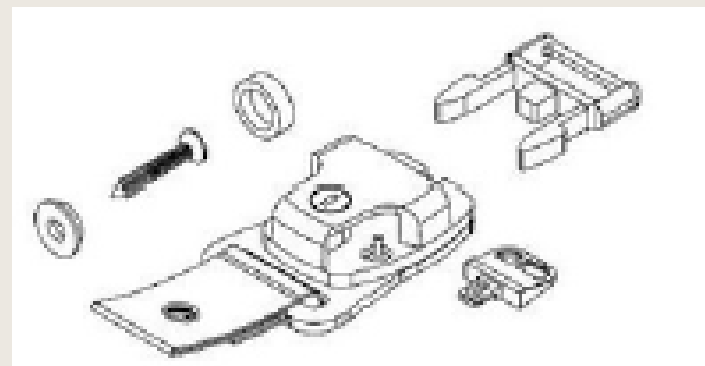

- The grid is made up of micro-perforations that improve the breathability of the spa's steam.
- This new element makes it possible to homogenize the distribution of water on the inner surface.
- It improves the thermal insulation of the spa by protecting it from humidity.
- The metallic colored grid improves the aesthetics of the interior of the cover.

# SAFETY LOCKING

The locking system designed for solid surfaces on the PRIME TEX COVER provides enhanced safety and stability, ensuring that the cover stays securely in place even in adverse weather conditions. This specialized mechanism is tailored to fit perfectly with solid surface materials, creating a firm yet easy-to-use locking solution. It not only offers reliable protection against accidental displacement but also prevents unwanted access, adding an extra layer of security.

The result is a seamless and robust design that combines functionality with elegance, giving spa owners peace of mind and a sleek finish that blends effortlessly with the overall style.

# ORDERS AND PRICES

Starting January 2024, the existing spa covers will be upgraded to the new PRIME TEX COVER at no extra cost for all exclusive and premium spa models. This transition ensures that every customer benefits from enhanced quality and performance without any additional charges.

For those looking to purchase the PRIME TEX COVER as a standalone accessory, pricing will depend on the specific model and dimensions. For more information or to place an order, please contact us directly at (305)-701-4029.

# OUR VALUES

The vinyl covers are a practical and durable alternative, crafted to meet the demands of everyday use while maintaining a polished appearance. Designed with a focus on functionality, these covers provide excellent water resistance and protection against moisture, making them ideal for outdoor installations.

The material's robust composition ensures it can withstand fluctuating weather conditions, while its easy-to-clean surface simplifies maintenance. Offering a perfect blend of utility and style, the vinyl covers are a reliable choice for those looking for long-lasting performance without sacrificing visual appeal.

For SX orders, there are the following color options:

- BLACK
- ANTHRACITE
- LIGHT GREY
- BICOLOR GREY
- CHOCOLATE BROWN
- BROWN US
- WHITE
