

STEPS

The perfect access for your SPA

When we buy a spa, we wonder how we access its interior. Spas from Casa Blui ranges typically have a height of between 75-90 cm, which requires having some element to improve access to its interior.

The Premium access **stairs** is designed with the same aesthetic as the furniture of the Spas; Butterfly, Thunder, Graphite, Wal-nut. Composed of two steps, it allows you to both access and exit the Spa easily.

The surface of the **stairs** features an anti-slip engraving designed to enhance grip even when wet.

Measurements:

64 x 33 x 20 cm

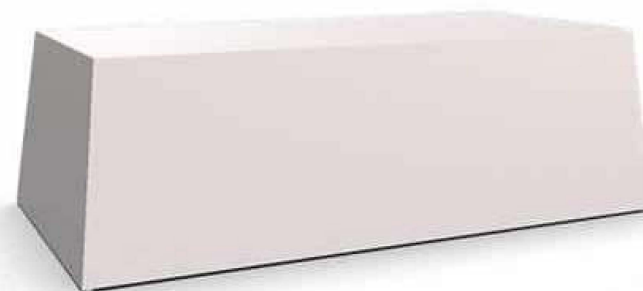

All of them become stable easy-to-assemble **stairs** that you can transport wherever needed.
